

**CITY OF ALISO VIEJO
MEMBER OF THE CITY COUNCIL**

GREG FICKE

OCCUPATION: Aliso Viejo City Council Member, Business
Owner, Parent

As a City Council Member, I have gained valuable experience responding to the challenges facing Aliso Viejo. My desire is to continue my efforts on City Council through re-election.

Much of my time has been dedicated to supporting our schools. I believe that education can change a child's life. Our children deserve access to top quality schools close to home.

While on City Council, I founded the Aliso Viejo Business Council. AVBC focuses on community businesses ensuring their needs, and the needs of Aliso Viejo, are met. By bringing in and supporting local businesses, we gain employment opportunities, goods and services, and tax dollars from expenditures in our city.

I am committed to bringing city, community and school district resources together to foster more recreational programs, relieve traffic congestion, and improve safety. As a reserve deputy sheriff, I will continue to support police and fire authority services, insuring comprehensive, cost-effective coverage.

I remain dedicated to improving the quality of life in Aliso Viejo through continuing my partnership with residents and businesses in achieving our shared vision of fiscally responsible and responsive government, superior quality education, and expanded recreational opportunities in a safe and secure environment.

I respectfully request your vote for re-election.
